Double Sided Tape GDA (Carpet Tape)

What is Double Sided GDA Tape?

Double-sided tape is any pressure sensitive tape that is coated with adhesive on both sides. It is designed to stick two surfaces together, often in a way which is not visible in the end product due to it being in between the objects rather than overlaying them.

Cloth based double sided tape with a high performance synthetic rubber based adhesive.

Uses

Holding carpets down for conventions and exhibitions,
Multi – purpose use for general mounting in printing industry, Jointing of insulation materials.
